U. S. Proposes to Force Showdown on the Teutons' Submarine Policy

REPORTED AUSTRIANS SUNK PERSIA; BELIEVED CERTAIN M'NEELY LOST

WASHINGTON, Jan. 3.—The United States government is preparing to force a showdown on the entire submarine question, so far as the Teutonic powers are concerned. All the facts concerning the renewed submarine activities of Germany and Austria will be presented to President Wilson tomorrow.

It is expected that a cabinet meeting will be held and a conference with the foreign relations committee of the senate will be held as soon as possible after the President arrives in Washington. Secretary Lansing has cabled Ambassador Pennington at Vienna, to ask the Austrian foreign committee whether or not an Austrian submarine torpedoed the Persia.

LONDON, Jan. 3.—London dispatches today from Cairo declared that an Austrian submarine torpedoed the steamship Persia. Six lifeboats were launched from the Persia, and it is understood that the vessel reached port carrying about 150 persons. The hope of the survival of any of the others aboard the vessel when she was torpedoed is enfeebled. American Consul Robert N. McNeely has been given up as lost. It is reported that he was in his place in one of the lifeboats to a woman and child.

HOT SPRINGS, Va., Jan. 3.—After a long consultation with Secretary Lansing this morning, President Wilson decided to return immediately to Washington. He leaves Hot Springs tonight and is expected to arrive at the national capital Tuesday morning.

ALLIES REFUSE GREEK DEMANDS.
ATHENS, Jan. 3.—A dispatch from Athens says that the Allies at Saloniki have rejected the Greek demand for the surrender of the Austrian, Turkish and Bulgarian consulates, and have also declined to give up the arrested consuls.

2 LINERS SUBMARINED AND MANY LIVES LOST

LONDON, Jan. 3.—The British liner, Glen-gyle, one of the finest vessels in the oriental service, was submarined and sunk in the Mediterranean. The loss of life was heavy and several Americans were reported on board. Only 100 persons survived the accident. They were picked up by other ships that rushed to the rescue. The Glen-gyle was bound from Yokohama to Genoa. She was a comparatively new ship built in 1914.

The British steamer, St. Oswald, with a tonnage displacement of 4,000 tons, employed in the government service has also been torpedoed by a submarine. She sank in a short time. The loss of life is unknown.

ATHENS, Jan. 3.—It is reported that King Peter of Serbia has arrived at Saloniki where he will remain sometime.

MORNING JOURNAL'S HABIT OF PILFERING CAUSES IT TO "FALL" FOR FAKE STORY

When Gutenberg, the pioneer, blazed the trail which leads to the newspaper of today, he probably realized that "pilfering news" would be one of the high crimes in newspaperdom, but possibly did not feel it necessary to advocate special laws and penalties for the offense, believing that the Ten Commandments, especially the admonition delivered to Moses on Mount Sinai which reads, "Thou Shalt Not Steal," and the truism that "Crime brings its own punishment," would be sufficient.

The Morning Hotel News had reason to believe that from the first its early press copies would be secured by the Morning Journal for real and last-minute news, so that when the Morning Hotel News, through its direct telegraph service, obtained the latest news the Journal could have the benefit of the same by reprint without credit.

On the morning of January 2 there were printed four advance proofs of the Morning Hotel News, which were not official; one of these proofs was placed so that the Journal would find it, and what was supposed to be a "beat" story was reprinted in the Journal Sunday morning and received a six-column black-faced type heading. Instead of the Morning Hotel News receiving credit for carrying the story the very issue of the Journal carrying the pilfered story carried an editorial condemning the Morning Hotel News and intimating that it was fit matter for the waste-basket.

The Morning Hotel News will continue to print more news than any morning paper in Daytona. Its paid-for telegraph service will be superb, and will convey to you direct from New York the latest accurate news, the same as furnished the papers in your home city. It is not a free paper; a copy is delivered to guests of the various hotels with the compliments of the managers of the various hotels; to others who desire it, 15 cents per week will insure its delivery anywhere in Daytona.

If you see it in the Daily News, it is pretty apt to be just that way.

PACIFISTS' REQUEST GRANTED.
COPENHAGEN, Jan. 3.—Germany has granted the Ford peace expedition permission to proceed to Holland across German territory. The peace party will travel by train, making no stops on German soil. They expect to conclude their work within a few days and disband. The Americans will sail for home from Rotterdam on January 12.

BRYAN TO SPEAK IN DAYTONA.
Mrs. M. L. Stanley, president of the Palmetto club, is in receipt of information that William Jennings Bryan, whose winter home is in Miami, will speak in Daytona either the 7th or 10th of this month. The visit of the distinguished orator will be under the auspices of the Palmetto club and a nominal charge will be made for tickets to the lecture.

R. H. Nutting had 100 passengers Sunday on an excursion to the Inlet on board the comfort-summer Cherokee and a delightful trip was enjoyed. After a brief stop at the Inlet the return was made, the Cherokee arriving at her dock shortly after 5:00 p. m. Many tourists who made this pleasant trip for the first time were highly pleased with the beautiful scenery and delicious sunset.

DAYTONA ELKS KEPT OPEN HOUSE ON NEW YEAR'S DAY
The Daytona lodge of Elks kept open house New Year's day and the spirit of good fellowship was in evidence, much to the enjoyment of all. Many visiting brothers enjoyed the hospitality of the local lodge and expressed their appreciation for the courtesy shown them. An appetizing Dutch lunch was served, which was generously donated by a prominent "Bill" in town. Henry, the faithful caretaker, who styles himself "the old nigger," looked after the boys in his usual faithful manner.

EAST COAST RAILWAY ANNOUNCES NEW TRAINS

PERFECT TOURIST SERVICE PLANNED

OPENING OF LARGE HOTELS IS
NORMAL FOR TRAVEL ACCOM-
MODATIONS — SELECT EQUIP-
MENT ON ALL TRAINS.

The Florida East Coast railway has announced inauguration of its winter train service and schedules, which become effective January 1 to 31. The most important of the new trains to be put into operation at that time will be the Palm Beach limited, and the New York, Palm Beach and Miami trains, both of which are to handle all-steel Pullman parlor cars from the East to Florida East Coast stations. Extensive improvements will also be added to the other trains for the accommodation of the winter travelers and tourists.

In addition to the new trains and improved service, the railway also announced the approach of four personally conducted tours from Chicago to the Florida East Coast and Cuba, which will leave the former city on January 17 and 31, and February 14 and 28.

With the opening of the winter tourist season the operation of the Palm Beach limited, to be known as the No. 33 and 34, means the daily passage south from Jacksonville to Miami of a modern all-steel parlor train, which is scheduled to arrive in Palm Beach at a seasonable hour in the evening for dinner and to leave there at a suitable hour in the morning. The a la carte dining car, which is by the Pullman company, will be maintained at a high standard. The entire train is electrically lighted and a comfortable observation-smoking car is attached at the rear.

Consist of the train will be one parlor car, one Pullman diner, three observation-smoking parlor cars, and one observation-smoking car, with extra added when necessary.

The New York, Palm Beach and Miami train will be known as trains Nos. 29 and 30, to handle through service

from the East brought to Jacksonville, via New York and Florida. Special train of the Atlantic Coast Line, and the Seaboard Air Line's Florida limited. A solid Pullman train, electric lighted throughout, and sleeping cars run through without change from New York to Palm Beach and Miami daily, makes this carrier a desirable service for the southbound tourist. Meals are served a la carte in the new all-steel diners of the Seaboard Air Line railway. The consist of this train, as operated over the Florida East Coast railway, will be as follows: From the Seaboard Air Line, one diner, Washington-Fort Pierce; one sleeper, two drawing rooms and seven compartments, New York-Palm Beach; one observation sleeper, ten sections, New York-Palm Beach; one sleeper, 12 sections, 1 drawing room, Washington-Palm Beach; one sleeper, ten sections, one drawing room, two compartments, New York-Miami.

From the Atlantic Coast Line: One sleeper, two drawing rooms, seven compartments, New York-Palm Beach; one sleeper, 12 sections, one drawing room, New York-Palm Beach; one sleeper ten sections, one drawing room, two compartments, Washington-Palm Beach; one sleeper, ten sections, one drawing room, two compartments, New York-Miami, and one Florida East Coast baggage car from Jacksonville to Miami.

The Oversea Limited (trains Nos. 85 and 86) is a train that handles passengers and mail between the United States and the island of Cuba, connection being made at Key West daily except Sunday in both directions with ships of the Peninsular & Occidental Steamship company, operating between Key West and Havana, with only eight daylight hours on the water, thus making a 52-hour trip from New York to Havana. With the opening of the Florida East Coast winter tourist season, this train will carry extra equipment for the accommodation of increased southbound travel.

The consist of these trains, as operated over the Florida East Coast railway, will be as follows: One mail car Jacksonville to Key West; one baggage car New York to Key West;

one Atlantic Coast Line diner Washington to Key West; two first class coaches for white and colored; one Atlantic Coast Line standard sleeper New York to Key West; one Atlantic Coast Line sleeper, nine rooms, New York to Key West; one Seaboard Air Line standard sleeper New York to Key West; one sleeper consisting of one drawing room and 12 sections to leave Jacksonville daily except Saturday for Key West; one sleeper consisting of one drawing room and 12 sections Jacksonville to Miami; one sleeper of one drawing room and 12 sections Jacksonville to Palm Beach; one sleeper of one drawing room and 12 sections Palm Beach to Key West; one sleeper of one drawing room and 12 sections Miami to Key West.

The Miami local (trains Nos. 29 and 30) is the daylight local between Jacksonville and Miami. No. 29 leaves Jacksonville each morning after the scheduled arrival of trains from the North and West, which meets the demand for a comfortable connection for East Coast points. One Pullman buffet parlor car is attached to these trains to accommodate such passengers. Northbound, No. 30 is due to arrive at Jacksonville in time to connect with all evening departures. These trains make all stops and in addition to the parlor car and separate first class coaches for white and colored carry mail, baggage and express cars.

The New York, Palm Beach and Miami train is due to leave Jacksonville at 3:30 p. m., arriving in St. Augustine at 4:30, Ormond at 7:40, Daytona at 7:51, West Palm Beach 2:20 a. m., Miami 4:40. Northbound this train will leave Miami at 11:30 p. m., West Palm Beach at 1:45 a. m., Daytona 8:33, Ormond 8:45 and St. Augustine at 11:30 a. m., and arrive in Jacksonville at 12:30 p. m.

The Palm Beach limited will leave Jacksonville at 9 a. m., St. Augustine at 10:10, Ormond 12:40 p. m., Daytona 12:50, Palm Beach at 7:20 and arrive at Miami at 9:30 p. m. Northbound it will leave Miami at 7:10 a. m., Palm Beach 9:30, Daytona 4:00 p. m., Ormond 4:10, St. Augustine 7 p. m., and arrive in Jacksonville at 8 p. m.

Northbound it departs from Miami at 5:20 a. m., West Palm Beach 8:00, Daytona 3:42, Ormond 3:56 p. m., St. Augustine 6:40 and arrive at Jacksonville at 7:50 p. m.

No. 37, southbound, Key West express, leaves Daytona at 12:40 a. m. Northbound, No. 38, leaves Daytona at 4:25 a. m.

Trains Nos. 33, 37, 85 and 87 are scheduled to stop only at important stations, but to accommodate through passengers from beyond Jacksonville who board the train at Jacksonville or north thereof will be stopped at any regular station to let off at destination of tickets surrendered persons holding tickets issued north of Jacksonville. Palm Beach sleepers from New York, handled on train 87, as soon as possible after arrival at Palm Beach switched to the Palm Beach station. As the scheduled arrival is after midnight passengers will be allowed to remain in the sleepers until 7 o'clock. Sleepers from Key West, starting from Palm Beach and handled on train 85, and the Jacksonville, Washington and New York sleepers starting from Palm Beach, handled on trains 86 and 88, are in place of the special sleeping car siding back of the Royal Poinciana hotel, easily accessible from the palm walk, at 9 a. m. for the reception of passengers. At 10 p. m. these sleepers are switched to the West Palm Beach station, where passengers will be received until the departure of trains. Miami sleepers from trains 85, 86 and 87 are upon arrival at Miami sidetracked near the station. Passengers will be allowed to remain in them until 7:30 o'clock.

Honor and Courage.

Whether you be men or women, you will never do anything in the world without courage. It is the greatest quality of the mind—next to honor.—James L. Allen.

Non-Tarnishing Steel.

Steel made by a new process and said to be non-rusting, unstainable and untarnishable has been brought out by an English firm. It is especially adapted to use in making table cutlery, the claim being made that it retains its polish indefinitely with use, even when brought in contact with acid foods. The cost of this steel is about double that of ordinary steel.

**\$1,000,000 GIVEN
TO AID THE JEWS****Great Fund Raised at Meeting
Held In New York.****\$100,000 EACH FROM FOUR**

Women Tear Jewels From Their Fingers and Ears While Others Give Their Costly Furs—Huge Audience Moved to Tears by Touching Plea of Speaker.

One of the most intensely dramatic scenes ever enacted in New York occurred at a meeting of the American Jewish relief committee at Carnegie hall.

Within the short space of half an hour the sum of about \$1,000,000 was collected to alleviate the suffering of war stricken Jews. Hysterical women and weeping men, after contributing their last cent, threw their jewelry on the stage.

Four anonymous donations of \$100,000 each were announced from among the audience. Two others of \$50,000 were announced and scores of lesser donations poured in.

Four huge piles of envelopes filled with checks and bills occupied the front of the stage. There were two large wicker baskets filled to the top with rings, watches, fobs and other jewelry.

Four Give \$100,000 Each.

The Guggenheim family, Jacob H. Schiff, Nathan Straus and Julius Rosenwald, it was rumored among the audience, gave the four checks for \$100,000 each. The donors were announced simply as anonymous from the stage.

The remarkable contribution came after an appeal made by Dr. J. L. Magnes. He is connected with the treasurer's office of the relief committee. He spoke for half an hour. There were 3,500 persons in the hall. Another 3,000 clamored for admission on the outside.

Pictures Sufferings of Jews.

Dr. Magnes drew a vivid picture of the suffering among the Jews in the war theaters of Europe. With remarkable feeling and sympathy he transported the audience to another land—until every person actually visualized the terrible specter which follows in the wake of the war god.

Women began to sob. Men stood up and cried out in anguish. For a time the noise of weeping was so loud that the voice of the speaker was drowned.

And then, in eloquent words, Dr. Magnes told of the wonderful charity which similar appeals had brought forth in other cities. There was a catch in his voice as he asked his audience to come forth and show similar spirit.

Before the ushers could pass up the aisles with baskets men, women and children surged toward the stage. Some dropped on their knees facing the huge rostrum.

Richly clad women knelt shoulder to shoulder with pushcart peddlers. Caste and distinction were forgotten. The stoutest hearts were moved.

Men fought to reach the stage so that they could empty their pockets. Yellow backed currency, silver and copper money covered the stage within a few minutes to the depth of three inches.

And amid it all Dr. Magnes continued his appeal. He did not lose the grip which he had on his audience for one second. He worked them up into a veritable frenzy.

Woman Gives Lavalliere.

A woman staggered toward the stage. Her hair had fallen over her shoulders, and tears were coursing down her cheeks.

She wore a Fifth avenue modiste's gown and expensive furs. But she was practically unnoticed in the dramatic scene which was being enacted. Pushing aside women who were on their knees, she tore a diamond lavalliere from her neck and passed it to Dr. Magnes.

Other women threw their furs on the stage. Still others tore their rings from their fingers and their jewels from their ears.

Ill clad working girls gave up trinkets which probably represented weeks of saving. And even then they cried because they could not give more.

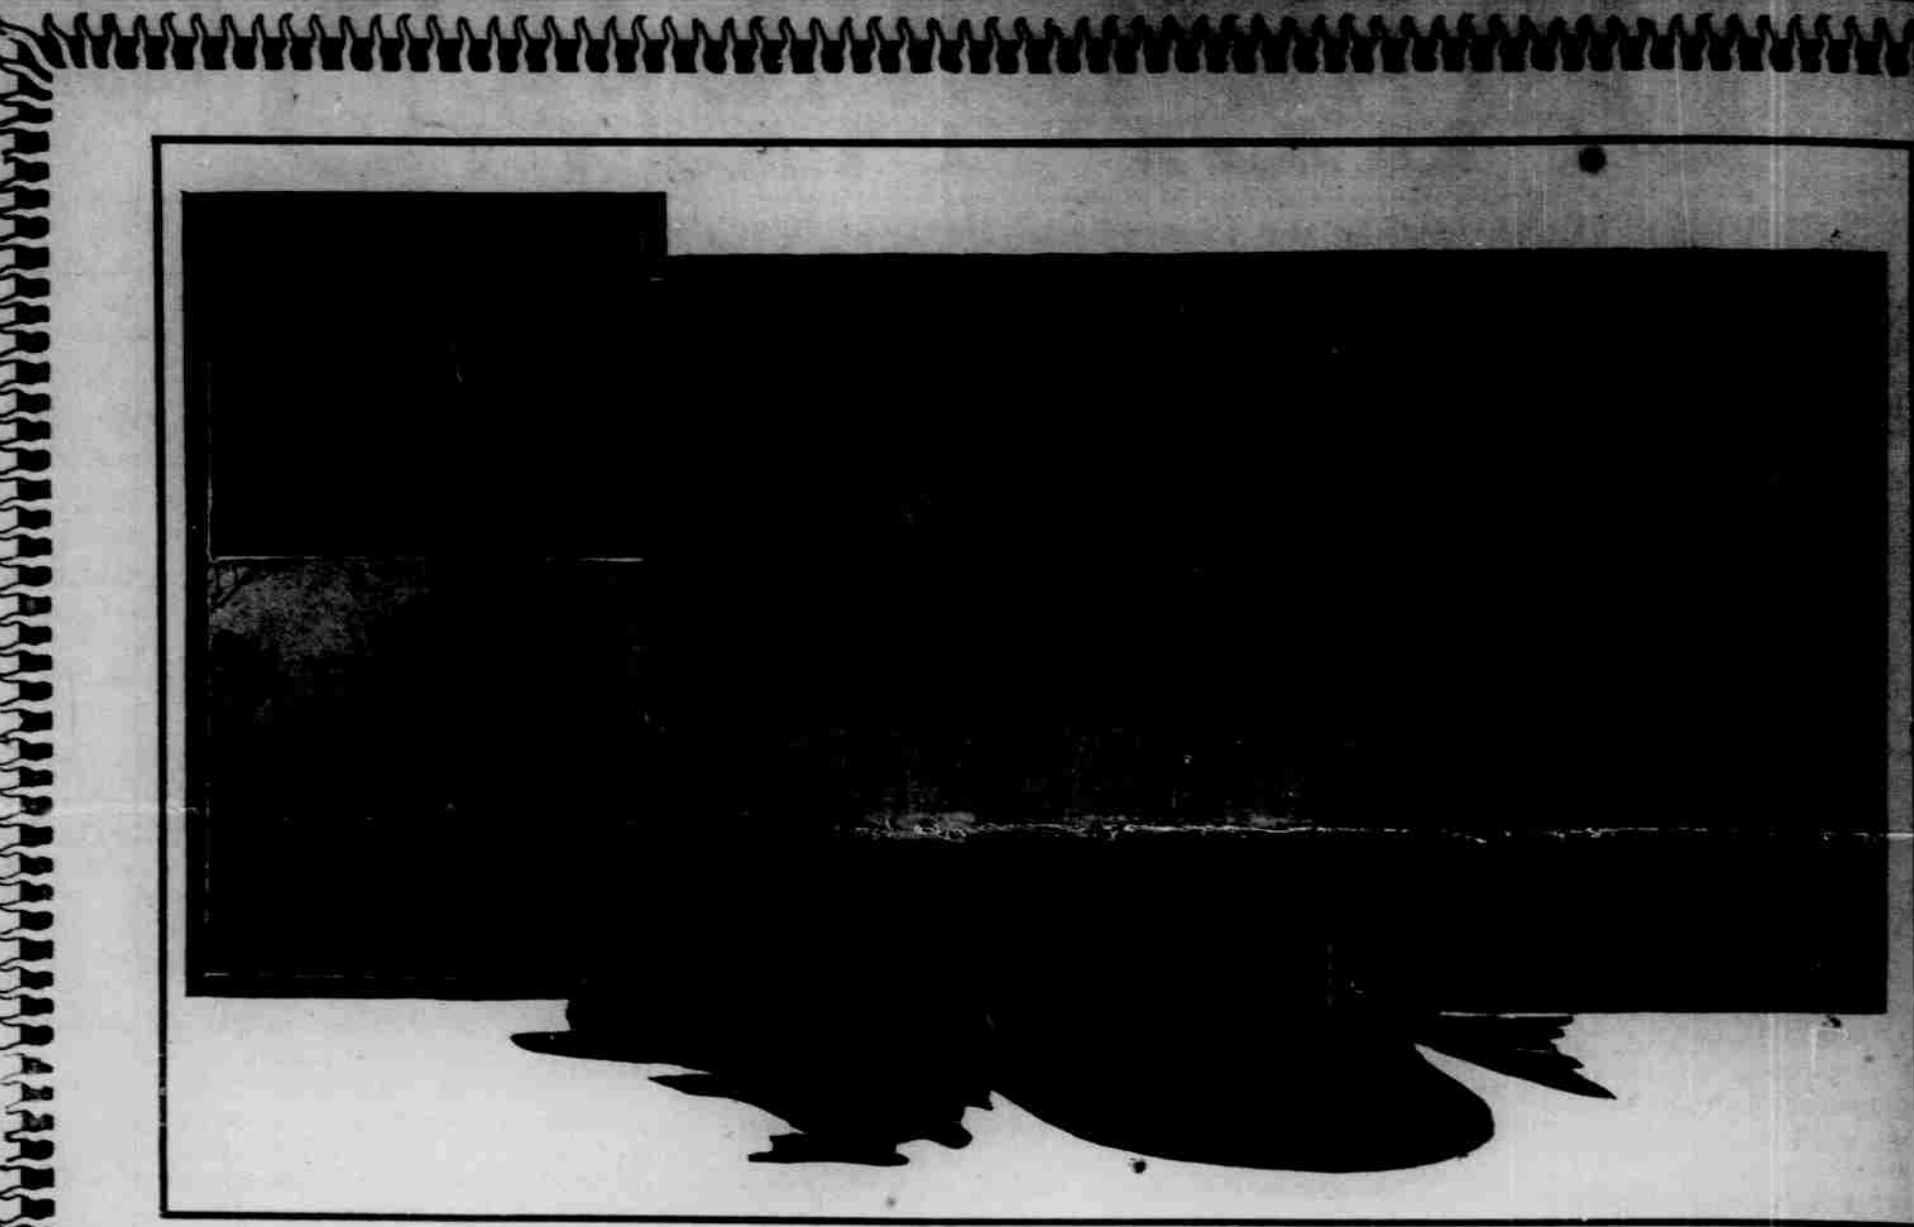

One man pushed his way through the mob and passed up a coin to one of the men on the stage. Dr. Magnes later announced that this man had given him 10 cents. This, he said, represented his car fare—all the money he had.

Still another man—dirty and bedraggled—passed up what was later said to be a five ruble note. He had just come from a province of Kovno.

Five weeks ago he witnessed indescribable massacres among the Jews. The printing on the five ruble note he passed up was almost obliterated with blood. He escaped from the massacre unscathed.

After announcing the four donations Dr. Magnes said that one of \$15,000 had just been received from Brith Abraham, through Judge Leon Sanders. Then came one of \$10,000 from Jacob Wertheim. These donations were followed in rapid succession by two of \$10,000 each, from Samuel Untermeyer and Louis Marshall.

Justice Irving Lehman gave \$5,000, and \$1,000 each was received from John Simon, Mr. and Mrs. Israel Unterberg and Louis L. Firschl.

**DESPLAND DINNER AND
BALL A GREAT SUCCESS**

The brilliant affair Saturday evening held in honor of the opening of the Despland hotel consisted of a most enjoyable dinner, followed by the annual ball, which lasted well into the night.

The main dining room presented a gay scene. Many private parties added to the fun and merriment. Among others, M. Sholtz entertained six of his friends. His table had been engaged for some time past and elaborate preparations for the dinner made.

Another of the parties consisted of Mr. and Mrs. M. P. Cornwall, Mr. and Mrs. Harry C. Thompson, Mr. and Mrs. J. D. C. Morris, Mr. and Mrs. F. J. Niver, Mr. and Mrs. F. W. Pope, Mr. and Mrs. T. E. Fitzgerald and Doctor and Mrs. C. C. Bohannon. Mrs. Isabel Cornwall also entertained a party of three.

Among those who arrived yesterday at the Despland were Mr. and Mrs. T. C. Dunn, from East Orange, who will spend the entire season; Mrs. M. Bean, also a season guest;

Mr. M. A. White, of Philadelphia; Mr. P. C. Clifford, of the same city, and Miss Jane Hill, of Atlantic City.

Manager Waite is expecting the early arrival of several more parties from the North and his bookings for the entire winter warrant an optimistic outlook.

Positive Proof.

An aged and much-traveled tourist was relating experiences of his travels to a group of friends, when a blatant young man, who had himself made a short trip through Europe, decided that it was about time to come in for his share of honors as a great traveler. "When I made my trip through the Red sea," the young man interjected, "we dropped anchor one night in the exact spot where Pharaoh's hosts were engulfed by the waters of the Red sea. In the morning when we heaved up the anchor we discovered that one of Pharaoh's chariots, which had for years been lying at the bottom of the sea, was hooked on to one of the flukes of our anchor. It was in an excellent state of preservation." "How did you know it was one of Pharaoh's chariots and not one of more recent vintage?" inquired the old tourist. "Oh, that was easy," replied the noisy young man. "You see, in one corner of the chariot we found an old coin which bore the inscription, '2005 B. C.'"

RAINFALL OF PAST YEAR EXCEEDS COMBINED PRECIPITATION OF THE TWO PRECEDING YEARS—ABOVE NORMAL.

J. G. Brown, who for several years has been keeping a record of the rainfall at this place, furnishes the following record of the precipitation for the past year and makes an interesting comparison with the amount of rainfall of the two preceding years:

Months	No. Days	Precipitation—Inches
January	7	5.01
February	7	3.92
March	4	1.90
April	1	.80
May	7	6.70
June	6	4.20
July	14	11.49
August	10	9.35
September	11	9.75
October	11	10.44

November 4 1.08
December 6 1.73

Total 88 days; 66.43 inches.

The heaviest rains occurred January 11, 2.68 inches; July 11 and 12, 2.25 and 3.90 inches; August 1 and 10, 2.10 and 2.20 inches; September 22 and 24, 2.10 and 3.50 inches; October 28, 4.65 inches.

It rained 82 days in 1914, 35.14 inches, and 76 days in 1913, 28.32 inches.

The combined precipitation of these two years is 1.75 inches less than the amount for 1915. A former weather report gives 50.6 inches as the normal precipitation for Daytona and Omond.

NEW YEAR'S DAY WELL CELEBRATED

ROYAL WELCOME GIVEN 1916 BY
NUMBER OF PARTIES HELD
FOR OCCASION BY RESIDENTS
OF THE BEACH.

On the peninsula New Year's day was well celebrated from its very beginning to its end at 12 o'clock Saturday night. Twenty-four hours before the close of the younger people were watching the clock anxiously waiting for the time of the changing year to come.

All who were not watching were awakened from their slumbers at midnight by the sudden blowing of the whistle and firing of cannon crackers and revolvers which continued for several minutes as a welcome of the new year.

The pleasant weather made a profusion of New Year's callers later, in the morning and afternoon, and hundreds passed along the happy greeting throughout the whole day.

Many entertainments were given and festivities did not cease until the first day of the year had joined its fellows in the past.

"TOURIST CLASS" WELL ATTENDED SUNDAY MORNING

Dr. D. J. Blocker, of Stetson university, spoke before the Tourist Bible class of the M. E. church, at Daytona Beach, Sunday morning, on the subject of "The Book of Job, or Human Suffering." He emphasized the fact that the book was one of the great written dramas and its greatness was due to the fact that it pictures heart action and thought action, the finest of action that can be presented on the stage. He warned us to beware of any system of thought or religion which would seek to eliminate all human suffering. Suffering often results in clear thinking and clear thinking is a prerequisite to right thinking.

The capacity to suffer and to enjoy is equal in all of us according to scientists who have made a study along these lines. The basis of suffering and enjoyment is one and the same. The incongruities of life make us laugh or weep, according to what phase they assume.

The attendance was 102. Next Sunday the address will be given by Rev. Elmer W. Serl, of the Seabreeze Tourists' Union church. Mr. Serl is well-known and an hour well worth while is assured to all who may attend and everybody is welcome.

Additional peninsula news will be found on page six.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

DAYTONA BEACH

PRIVATE WEDDING
IN DAYTONA BEACH

Miss Grace Kilgworth and Elmer Flordland were united in marriage at the home of the bride's parents, Mr. and Mrs. S. F. Smith, on Peninsula drive, Daytona Beach, Saturday afternoon at 2:00 o'clock.

The wedding was attended only by the bride's immediate friends and family, and was solemnized by Rev. John Treadwell, in the tastefully decorated home of the bride. Holly and mistletoe constituted the principal decorations and the couple stood beneath a bower of beautiful holly branches while the ceremony took place.

The newlyweds left for Miami, where they will reside for several months, on the afternoon train after receiving the congratulations and parting gifts of their many friends and well wishers.

Miss Kilgworth made Daytona Beach her home for many years, and will be missed by all of her old associates.

The bridegroom comes from New Jersey and has a very good position in Miami for the present season.

The Sunday evening service of the Daytona Beach Methodist church was well attended and all enjoyed the beautiful song, "When the Golden Leaves are Falling," by a quintette of members of the young people's choir. Rev. Mr. Boardman, one of the pastors of the Seabreeze Baptist church, conducted the service for Rev. J. J. Treadwell, who is just recovering from a rather severe attack of bronchial trouble.

Miss Elrene Esch and brother, Winthrop Esch, left Monday on their return trip North, after spending the Christmas vacation with their parents, Dr. and Mrs. J. P. Esch, at their winter home on Peninsula drive. Mr. Esch attends Purdue university, at Lafayette, Ind., and his sister is completing a course at the Ohio State college, at Athens.

SERIES OF CHARMING EVENTS

F. Ayres at the Daytona Beach hotel Tuesday evening, honoring Miss Irene Esch and brother, Winthrop Esch, Miss Ethel Sholtz and brother, Carl Sholtz. Miss Dora Williams entertained at a dance Monday evening in honor of her sister, Miss Norma Williams and brother, Perez Williams, which a number of the young society set from Daytona Beach and Seabreeze attended.

"WATCH PARTY" AT HOME OF
MR. AND MRS. W. S. HOLMES

Miss Adelia Towne was hostess at a "watch party" Friday night at the home of her grandparents, Mr. and Mrs. W. S. Holmes, on Halifax avenue. The lower floor of the residence was opened en suite, and was beautifully and artistically decorated with roses, palms and a profusion of cut flowers. The evening was delightfully spent with music, games and contests. In the contests Miss Leota Coburn and George Smith were lucky prize winners. Late in the evening the guests were invited into the dining room, where a delicious four-course luncheon was served. Many clever and original toasts were given during the progress of the luncheon. Among those enjoying the evening with the hostess were Misses Hazel Holland, Lucile Johnson, Leota Coburn, Helen Keating, Tullulah Malley, Myrtle Barbe, Charlotte Morris, Willis Williams and Nellie Carter, and George Smith, Earl Robbins, Carlyle Moore, Cochran Keating, Clyde Harton, Roger Jones, Wm. "MARY'S LAMB" AT
CRYSTAL THEATRE

Monday's offering at the Crystal theater is a howling comedy, "Mary's Lamb," featuring Richard Carle, well-known to the theater-goers of two continents. Here are a few sentences that will give some idea of what "Mary's Lamb" is like:

Mary bossed her little lamb, it's lot was grief and woe;
Whenever Mary said a word, the lamb was sure to go.

Leander Lamb, etymologist and matrimonial martyr, hunts the savage butterfly. He is flirtatiously inclined, but doesn't know "how." Leander's one solace is the "widow next door." Her daily plunge in "the old swimming hole" interests him unduly. This leads to a chase with Mary Miranda Lamb, his lawful wedded wife, in the role of chaser.

Leander escapes, and falls into the clutches of the beautiful "widow next door," who wishes to compromise him, to aid her friend, Allen Townsend, in marrying Phyllis Atwood, Leander's niece.

The widow, posing as "Charity giving away her clothes," starts Leander on a "butterfly" chase which is interrupted by the arrival of Mary. Leander, arrayed in a night-gown, candle-stick in hand, proceeds to give the most realistic "sleep-walker's escape" that Mary ever witnessed. A note from the widow, which Leander had forgotten on the dresser, proves the somnambulist's undoing. He evens up matters with Mary, when his old college chum Blackwell relates a most disgraceful story of Mary's maiden days. He sentences her to the wrongdoer's "rest"—the stocks, the fate he had often met for too ardent "butterfly chasing."

REV. S. L. JACKSON
MISQUOTES THE LAW

LEAVES OUT THE WORD "OR,"
WHICH COMPLETELY CHANGES
MEANING OF SECTION 2 OF
FARRIS LAW.

For some reason unknown, Rev. S. L. Jackson in a communication published in the Morning Journal of Saturday misquotes Section 2 of the Farris law. The way he quotes the law he would evidently have you believe that the only way a charter amendment can be proposed is by petition of 20 per cent of the qualified voters, whereas as the law actually reads there are two methods of calling an election for charter commissioners: one is by a petition to the council signed by 20 per cent of the qualified voters and the other is by the council ordering an election on its own initiative.

Section 2 as quoted by Mr. Jackson reads as follows:

"A charter or amendment to the

charter of any city or town may be proposed only by a charter board, consisting of the number of members hereinafter designated, who shall be elected by the qualified voters of each city or town not oftener than once in every two years, at a time to be designated by resolution of the council or legislative department of such city or town, at a time to be so designated on petition of 20 per cent of the qualified voters of such city or town; Provided, that if said resolution is adopted not more than 90 days and not less than 40 days before any general city or town election, then the members of said board shall be elected at such general election."

The section as actually appears on the statute book reads as follows (note that the word "or" was entirely omitted by Mr. Jackson and the little word is very material, as its omission entirely changes the meaning of the section):

"A charter or amendment to the charter of any city or town may be proposed only by a charter board, consisting of the number of members hereinafter designated, who shall be elected by the qualified voters of each city or town not oftener than once in every two years, at a time to be

designated by resolution of the council or legislative department of such city or town, OR at a time to be so designated on petition of 20 per cent of the qualified voters of such city or town; Provided, that if said resolution is adopted not more than 90 days and not less than 40 days before any general city or town election, then the members of said board shall be elected at such general election."

Mr. Jackson in his communication tries to convey to the reader an attitude of impartiality, but as a matter of fact he entirely eliminated another section of the law that he could not consistently omit if he intended to be fair. The section omitted was Section 4, which reads as follows:

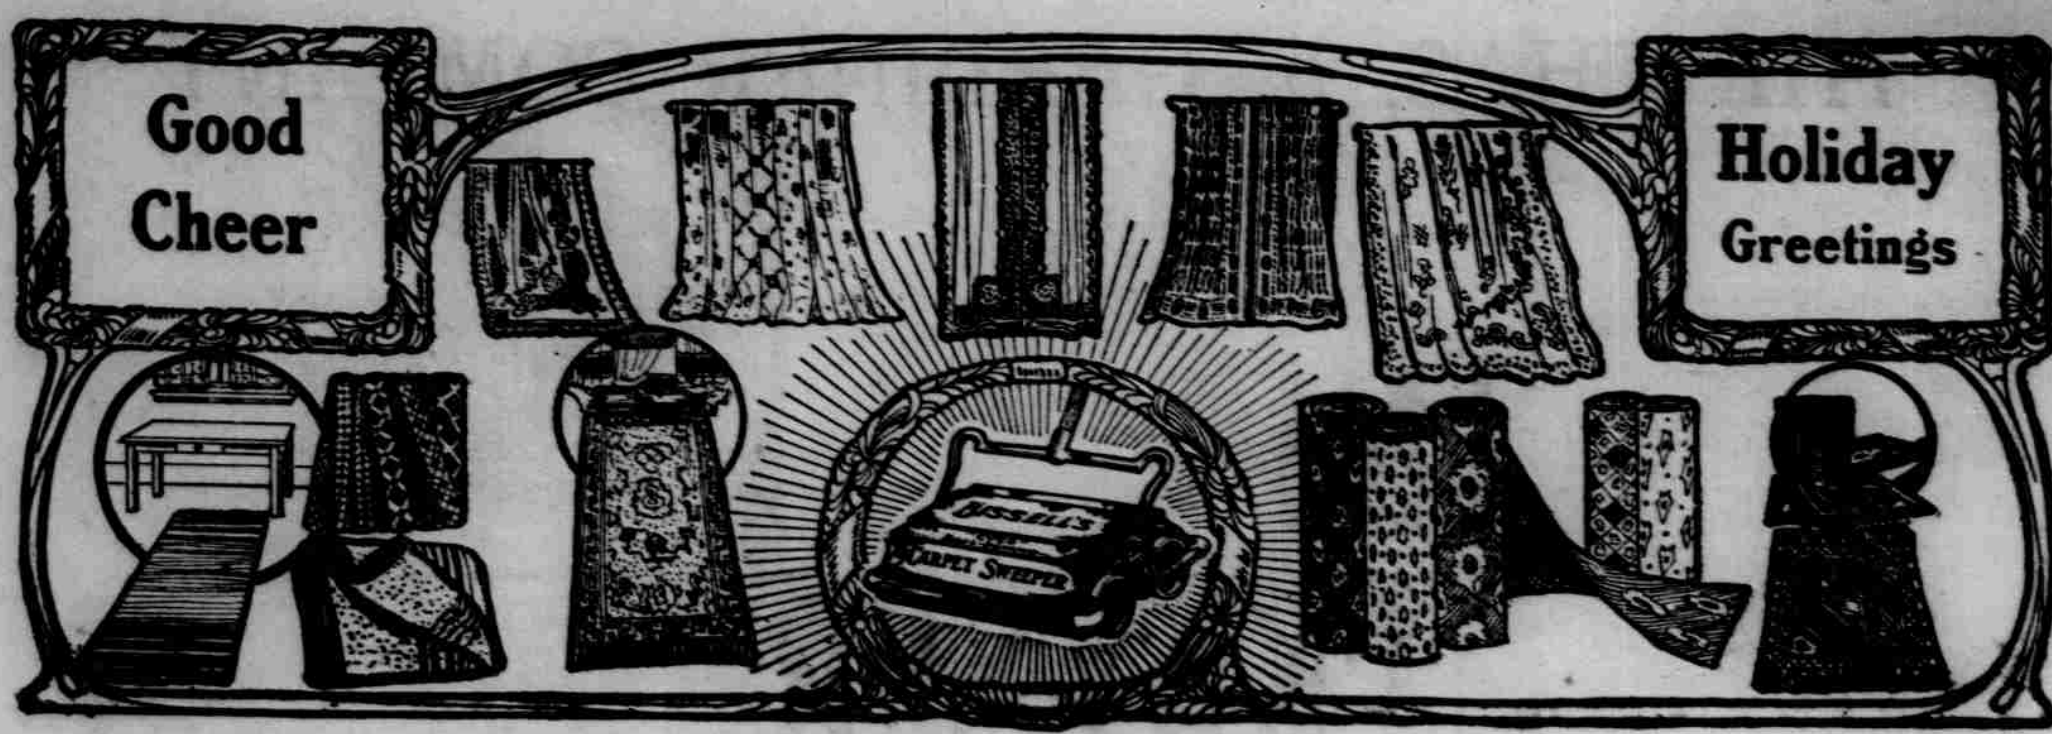

"Sec. 4. Whenever the council or legislative department of any city or town deems it for the best interests of its citizens, that a change be made in the form of the municipal government, it may adopt a resolution, by a majority vote of all its members, calling an election to be held on a day to be specified in said resolution, not less than 40 days nor more than 90 days thereafter, for the purpose of electing a charter board by the qualified electors of such city or town; Provided, however, that whenever

any such election has been held, no other resolution for that purpose shall be adopted earlier than 90 days prior to the expiration of two years after the holding of such election."

The law is plain; THE LAW WAS FOLLOWED BY THE CITY COUNCIL, AND THE ELECTION ORDERED FOR FEBRUARY 9 FOR THE PURPOSE OF ELECTING FIVE CHARTER COMMISSIONERS IS IN CONFORMITY WITH THE LAW.

Mr. Jackson would have you believe that as the city council did not call an election within 90 days it could not then call an election on its own motion. This is not the law. A petition could not have been presented to the city council until after 90 days following the approval of the law by the governor. After the 90 days had expired a petition was then in order; but the council could order the election without a petition 91 days or nine years after the approval of the law if it so saw fit. There is but one restriction, and that is but one election can be called in two years.

OPENING EXERCISES OF SCHOOL TODAY

BURGOYNE DISTRIBUTES A BOX OF CANDY FOR CHRISTMAS TO EVERY TEACHER AND CHILD IN DAYTONA PUBLIC SCHOOLS.

It is presumed that all the children of Daytona were made supremely happy this morning when the school-bell pealed forth its call to classes. The handsome school building has been put in first-class order for the coming year.

Perhaps some of the youngsters will be partially consoled by Daytona's guardian spirit—Commodore Burgoyne—who presented every teacher and every child in the school with a box of candy. It is said that the total expenditure for the sweetmeats amounted to \$200.

Opening exercises conducted by the supervising principal took place this morning at 9:00 o'clock in the chapel. The school choir of eighteen girls and boys sang "Onward, Christian Soldiers" from the platform. Then Superintendent Marks read a lesson from the Bible which was followed by a prayer for the welfare of the students during the new year.

A novel and decidedly original feature of the exercises was a Victrola solo rendered after the prayer. The machine stood at the back of the hall and its tones were so clear that everyone in the big room heard it perfectly.

The school cheer-leader, Walter Burry, spoke briefly on the necessity of "getting together" in support of the basketball team which will play its stiffest game next Friday night in the Arcade against Stetson university.

Principal Marks announced a faculty meeting at 3:00 o'clock. Then he unfurled a handsome banner of blue cloth fringed with gold on which was printed in white letters the words, "Honor Class of Daytona Public Schools." He explained that the banner was to be presented on the first Monday of each school month to the room that averaged the best attendance. The presentation was made this morning to the eighth grade. The high school received honorable mention.

The superintendent also made particular mention of Commodore Burgoyne's gift, reading aloud to the school the wording of his letter, which

wished all a "Merry Christmas and a Happy New Year."

The exercises came to a close with an appealing speech by Principal Marks. He briefly mentioned his hopes for the coming season, his wish that the pupils stand behind him in making the winter a notable one in the history of the public schools and his keen desire to better the attendance, which has always been exceedingly good.

All of last year's teachers have returned and it is possible that the faculty may be slightly increased during the course of the week. There are about 500 students enrolled—the largest number in the history of the school. The high school department alone boasts of 80.

A list of the teachers follows. H. Clay Marks, the principal, spent his summer here in Daytona, installing a new card record system which will simplify the business of the institution.

CHARTER ELECTION OCCURS TOMORROW

Tuesday, January 4, is the date set for the ratification or rejection of the "Orlando" charter by the people of Daytona. There are 606 qualified voters and it will require 304 in the affirmative to ratify the charter.

A majority of the voters of Daytona seem in favor of a commission-manager form of government and it is believed that the charter to be voted upon tomorrow will be rejected, as five charter commissioners will be elected February 9, whose duty it will be to prepare a charter for submission. The charter to be prepared by these commissioners will undoubtedly be a commission-manager charter.

The Daily News believes it will be for the best interests of the city of Daytona if the charter to be voted upon tomorrow is rejected. A commission-manager charter on lines now in vogue in St. Augustine and Dayton, Ohio, is conceded to be an ideal form of operation for a city government.

TO OPEN ASK MR. FOSTER INFORMATION DEPARTMENT

Miss L. S. Ruddick, who will this season be in charge of the information department of the Ask Mr. Foster office in this city, which she expects to open on Wednesday, returned to Daytona this morning after a pleasant and interesting visit to points on the lower East Coast and in Cuba, coming here from Havana. Miss Ruddick visited Daytona recently in company with a party of information department managers of the Foster & Reynolds company who were touring the state.

Miss Dorritt Hale, who had been making a pleasant holiday visit with Mr. and Mrs. Geo. W. Chandler at their winter home on South Ridgewood avenue, departed Saturday on her return to Milwaukee, Wis.

YOUNG PEOPLE'S PARTY
AT THE HAMILTON HOTEL

A pleasant young people's party was held at the Hamilton hotel New Year's evening, given by Mrs. I. M. Mabbette and Mrs. J. L. Wallace to a number of the young friends and companions of their sons, Masters Edwin Mabbette and Robert Wallace. Between 15 and 20 girls and boys responded to the invitations and enjoyed dancing in the lobby and on the spacious porch of the hotel from 7:30 until 10:00 o'clock or later, a Victrola furnishing the music. A pleasant diversion was afforded by

the refreshments which were served at a special table in the large dining room. The table was very prettily decorated, the color scheme being pink and white, and a basket of greenery formed the center piece. What appeared to be a large cake on the table was a repository for a number of fancy paper caps, each one of which was attached to a string extending from the top of the cake and the acquiring of the caps by the young people created much merriment. Dapcing was resumed for a time following the enjoyment of refreshments which included a delicious fruit punch.

MR. ARMSTRONG SAYS
HE OWNS LESS THAN
1-10 OF WATER FRONT

Editor Daily News:

The statements in the News are as a rule so accurate that I am surprised to find in two different editions of your paper an incorrect and very misleading statement as follows:

"Treasurer B. L. Armstrong, who some time since bought up the riparian rights of almost our entire water front," etc., etc.

That statement is not correct, as will be readily apparent by making a few inquiries along Beach street, or consulting the land records. I have bought a few sections of water front and riparian rights along Beach street in Daytona, but (without having the exact figures before me) it is a safe

Pete Rogers
34 S. Beach St.

statement that for every 100 feet of water front which I own, there are other property owners on Beach street who own 900 feet. That is to say, I own less than one-tenth, and I should say a great deal less than that proportion of the water front on Beach street.

If the city should at any time question the title to this water front, the city would be in the same position as an individual who took a valuable consideration from a person in return for a quit-claim deed to a piece of real estate, and then later appeared before the court claiming that the quit-claim which he himself had given did not convey any title whatever and was worthless, for in the majority of cases where I have purchased water front the title goes back to a quit-claim deed from the city of Daytona.

The city and the board of trade have set an example of making use of the water front for purposes of benefit to the community in the construction of the city hall on a piece of water front, and the construction of a wharf and storehouse on another section of riparian right, and a third illustration of a wise and proper use of the water front is the construction of the clubhouse a little further south. Such uses of the water front and riparian rights are natural uses, and,

while they interfere to some extent with the view, are undoubtedly of very decided benefit to the city.

I trust the development of the parcels I have purchased, whether in a few years or not until many years in the future, will be along lines just as satisfactory to all concerned as in the three instances referred to.

Yours very truly,

B. L. ARMSTRONG.

ARCADE RESTAURANT OPENED
NEW YEAR'S DAY FOR SEASON

The Arcade restaurant opened New Year's day for the season and will be conducted under the personal supervision of Mr. Kreitzberg. The restaurant has been redecorated and refurnished and presents a very attractive appearance. There is seating capacity for about 50 persons and a new feature is the provision of several booths for the accommodation of private parties. There is prompt and courteous service and the kitchen is in charge of an experienced and efficient chef. The restaurant is just across the arcade from the Arcade theatre and on this account will furnish a convenient place for the accommodation of theatre parties.

Every day is summer in Daytona.

ANNUAL EMANCIPATION DAY
PARADE ON NEW YEAR'S DAY

The residents of the negro section of the city held their annual parade New Year's day in celebration of the emancipation of the slaves in this country. The parade passed the city hall, going north on Beach street, at about noon. There were 30 or more vehicles in the procession, including automobiles, carriages and wagons, all more or less decorated, and quite a number of fancy floats, nearly a dozen of which were from the Industrial School for Negro Girls. The others represented churches or Sunday schools or were trade floats. There were also a number of decorated bicycles in the parade, which was headed by a mounted marshal and moved to the music of bass and snare drums.

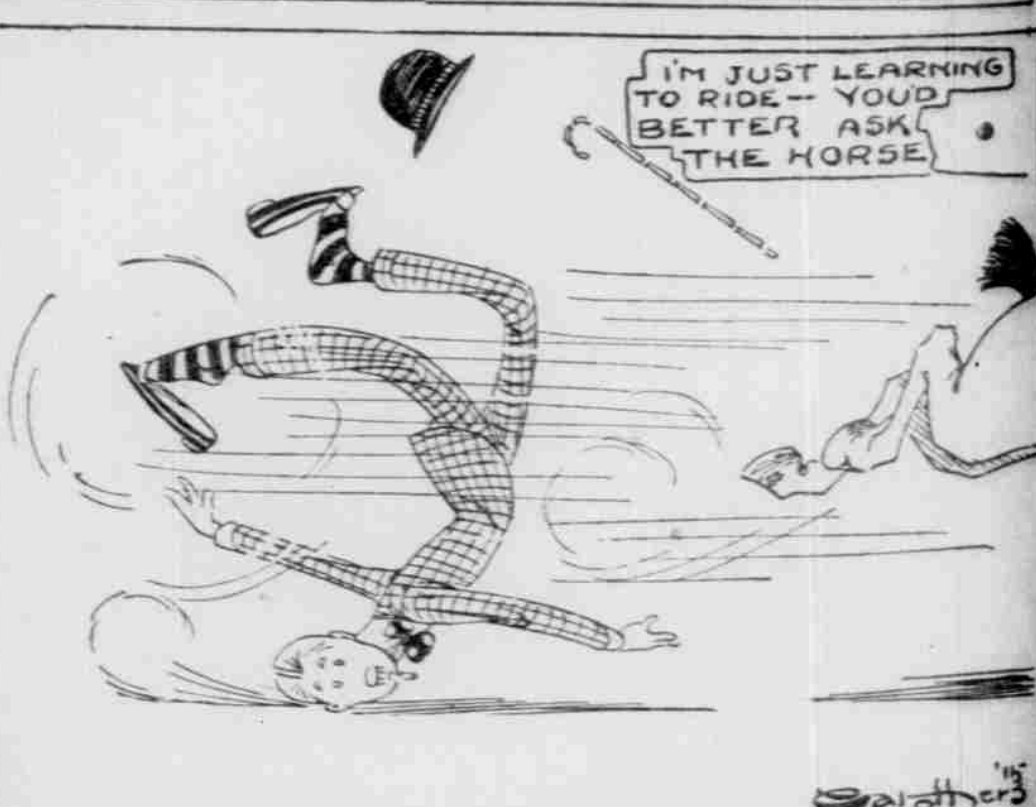

WANTS TO KNOW ABOUT THE
WEATHER CONDITIONS HERE

Ernest Kreitzberg has received a letter from Charles Bosch, a prominent citizen and well known banker of Brooklyn, N. Y., asking about the weather conditions here with a view of coming South to escape the severe weather prevailing North. Mr. Kreitzberg can truthfully write him that the weather is all that could be desired. Mr. and Mrs. Bosch were in Daytona during the winter of four years ago.

NEW YEAR FINDS CITY OF DAYTONA IN SOUND FINANCIAL CONDITION

REVENUES RECEIVED IN 1915 AMOUNTED TO \$71,191.29—DISBURSEMENTS APPROXIMATELY EQUALED THE RECEIPTS.

The records of Daytona's city clerk and tax collector, A. Mc. F. Porter, were inspected on Saturday afternoon by a News representative, who found and tabulated a number of interesting facts concerning the municipality's financial status at the close of the year just ended.

From February 10, 1915, to December 31, 1915, inclusive, \$71,191.29, representing taxes of various kinds, were collected from the following sources:

General licenses	\$ 4,541.25
Dog licenses	74.50
Sundries	458.65
Lien book items	64.93
Real and personal taxes (ad valorem)	66,051.96
Total	\$71,191.29

Of the disbursements, which approximately equal the total sum collected, the following principal items account for the bulk of the year's revenues:

Salaries	\$4,234.56
Interest on bonds and city certificates	9,898.64
Street lighting	4,545.10
Fire department	4,627.60
Streets and sewers	9,550.56
Sundries (including expenses of the sanitary department, legal costs, printing, medicines, telephone tolls, blacksmithing and harness, postage, feeding prisoners, pair of mules, aid to indigent persons, advertising, recording fees, etc.)	6,618.63
Public schools (3-25 of total ad valorem tax levy) approximately	7,926.23

Out of the 1915 tax money there was also paid a bank overdraft—a hangover from 1914—which amounted, in round numbers, to \$18,000. This overdraft, stated Mr. Porter, had been accumulating for several years. The delinquent tax list on September 6, 1915, aggregated \$1,661.76, representing 211 assessments. Everything considered, the city of Daytona may be said to be in excellent financial condition at the beginning of the new year. Many thousands of dollars of old debts have been wiped out, and today the municipal slate, insofar as finances are concerned, presents a relatively clean surface.

QUIET OBSERVANCE FIRST DAY NEW YEAR HERE; WEATHER IDEAL

In a fashion similar to that obtaining in former years the first day of the new year was observed in Daytona and vicinity, there being manifest no especial celebrative features aside from the presence on the principal thoroughfares of hundreds of smiling pedestrians and happy motorists. Warm and bright as a late May morning, the day was an ideal one for outdoor recreation, and both visitors and local residents made the most of it.

Practically all of the business places, not including drug stores, restaurants and theaters, in Daytona and in the peninsula towns were closed throughout the day. The several banks were, of course, not open for the transaction of business. Although New Year's is a designated legal holiday, state and national, municipal officials were at their desks in the city hall as usual.

Many scores of automobiles, dozens of which were parked on either side of Beach street between Magnolia and Orange during the afternoon band concert, lent an air of festivity with metropolitan leanings.

Following the custom established years ago by the management, no edition of the Daily News was issued on New Year's, thus affording employees an appreciated period of rest from the more or less arduous labors incident to newspaper making.

The consensus of opinion here is that Daytona and the Halifax country enter upon the activities of 1916 face to face with prospects for one of the most prosperous seasons in their history.

Daily Thought.

He who receives a good turn should never forget it; he who does one should never remember it.—Charron.

Who, Indeed?

Who among us has his heart's desire, or, having it, is satisfied?—Thackeray.

Mrs. E. G. West, accompanied by her children, Miss Nellie and Master Ralph, who were registered at the Magnolia hotel, left Saturday for their home in Orange, N. J. They had planned to spend but one day here and to visit other places of interest in Florida, but were so delighted with the beauties of Daytona that they decided to remain here as long as possible. All were loud in their praises for Daytona.

FOUR BIG FLAGS FOR COMMODORE'S NEW BEACH ST. PAVILION

Flying today from a mast surmounting the southwest tower of the huge bandstand and pavilion which Commodore C. G. Burgoyne is having erected near the site of the old kiosk, on the river front, is a magnificent flag of the state of Florida. The beautiful banner is nine feet in width and 15 feet long, and was presented by J. W. Shields, a winter resident of Daytona.

On Tuesday a United States flag, the gift of the Palmetto club, will be flown, and on Wednesday and Thursday two other handsome flags on which are emblazoned the stars and stripes are to be unfurled and lashed to the mast. The banner which will be seen atop the tower Wednesday was given by the Daytona Elks' club, and Thursday's breezes will wave the national colors presented by Mrs. C. G. Burgoyne.

The three American flags are each 8x12 feet in size.

WINTER RESIDENT OF DAYTONA BEACH DIES

Mrs. Hester A. Haight, wife of James A. Haight, died Sunday morning at about 5:00 o'clock at their winter home in Daytona Beach after an illness of only a few days. Mrs. Haight was 69 years of age.

Services were held at 2:00 o'clock this afternoon in the Bingham & Maley company undertaking parlors in this city and the remains were expressed to Peekskill, N. Y., the summer home of Mr. and Mrs. Haight, where they will be received by a son of the deceased and the interment will be made.

Mr. and Mrs. Haight have been winter residents of Daytona Beach for a number of years and Mrs. Haight's death will be deeply regretted by many friends whose sympathy will be extended to the bereaved husband and other members of the family.

John S. Milligan, who had been spending the holidays with his parents, Mr. and Mrs. A. Milligan, and other relatives at their home on South Ridgewood avenue, left this morning on his return to Chicago, Ill., where he is attending the Chicago university.

RETIRED LAWYER'S REMAINS GO BACK TO ILLINOIS

Richard Latham, who arrived in Daytona some little time ago with his wife, intending to spend the entire winter, died at 9:00 o'clock Saturday evening, January 1, at a local hotel. He had been ailing for some time.

Mrs. Latham left Sunday with the body for her home in Lincoln, Ill., where her brother will meet her at the train. The late Mr. Latham inherited a large estate, and was a retired lawyer.

A. M. Harrison, of the Bingham & Maley company, undertakers, accompanied Mrs. Latham as far as Jacksonville.

MAY BECOME PERMANENT RESIDENTS IN DAYTONA

Mrs. H. E. Zimmon and her sons, Arthur E. and Frank A. Zimmon, who recently came here from Detroit, Mich., have rented the house at 159 North Ridgewood avenue where Mrs. Zimmon plans to take a few guests. Mrs. Zimmon was advised to come South by her physician and has already noticed a marked improvement in her health. Messrs. Zimmon, who have been connected with the Ford and Cadillac automobile factories, are looking over the field in view of locating in the automobile line, as their present intentions are to become permanent residents in Daytona.

"THE DIAMOND FROM THE SKY"—ARCADE

The synopsis of the preceding chapter of this absorbing story is as follows:

A bitter feud exists between Col. Arthur Stanley and his cousin, Judge Lamar Stanley. The feud has been engendered over a family heirloom, "The Diamond From the Sky," that was found in a fallen meteor by an adventurer ancestor. The feud is further augmented by the fact that the Stanley earldom in England may come to an American Stanley. When a daughter is born to Col. PERSIA CARRIED WAR MUNITIONS AND TROOPS

LONDON, Jan. 3.—One source of friction between the United States government and the Teutonic powers has been removed by an official announcement made today by the Peninsular and Oriental Steamship company. The company stated that the Persia carried war munitions.

A message from Berlin says the German admiralty declared that the Persia had British soldiers and supplies aboard destined for the army in Egypt and that the expedition was under the direction of the British admiralty. Germany also charges the Persia with carrying guns for defense. She deeply regrets any loss of American lives through the sinking of the vessel.

dies at its birth, the disappointed Colonel buys a new-born male gypsy child and substitutes him as heir. Hagar, the gypsy mother, discovering the sale of her baby son, drags herself to Stanley hall, hoping to regain him. She arrives just as the changeling heir's birth is being registered.

The synopsis of chapter two is as follows:

"An eye for an eye." Matt Harding, the gypsy father, overpowers his wife and takes her away before her presence is discovered. Three years later Hagar steals the Colonel's little daughter, Esther, who has been reared in secret. She also obtains possession of "The Diamond From the Sky" and some valuable documents. When Esther is grown Hagar returns to Virginia with her. She asks Dr. Lee to adopt Esther, as had originally been the Colonel's plan. Dr. Lee agrees, but demands that Hagar return "The Diamond From the Sky." Arthur Stanley is a profligate, but his love for Esther effects a reform. Blair, supposedly Arthur's cousin, also loves Esther. Blair accidentally sees "The Diamond From the Sky" in Dr. Lee's study. He endeavors to steal the dia-

WINTER VISITOR PURCHASES HANDSOME RESIDENCE HERE

Mrs. Isaac Stephenson, Jr., of Menominee, Mich., who is occupying for the season Mrs. Marian E. Crane's residence on North Ridgewood avenue, has purchased through A. E. Donnelly's agency the J. J. Randall residence property, formerly the Sebring place, at the corner of Ridgewood avenue and Cedar street, but will not occupy the property until after the close of this season, as the residence has been rented for the winter to N. P. Young and family, of Brooklyn, N. Y. Mrs. Ste-

phenson will, when she acquires possession of the property, make alterations and improvements to the house and grounds. Although she has been here for but a comparatively short time, she has become thoroughly enthused with the beauty and location of Daytona and has purchased the property as stated with the purpose of making her home here during the greater part of the year. The Sebring place, which was purchased by J. J. Randall within the past year or two, is one of the best summer residence properties of the city.
